MIYANO MACHINERY INC. STANDARD WARRANTY POLICY FOR ALL NEW MIYANO MACHINES

In consideration for inspection, servicing and compensation exchanged, the adequacy of which is hereby acknowledged, MIYANO MACHINERY INC., (hereinafter "MIYANO") warrants to Buyer and Buyer agrees to the following limited warranty. MIYANO warrants that all MIYANO machinery shall be free from defects in material and workmanship for a period of twelve (12) months from the date of delivery.

During the period of warranty, MIYANO shall repair or replace at its sole discretion and at no charge to Buyer all machinery parts that do not conform to this warranty. MIYANO shall be under no obligation to perform under this warranty until ten (10) days after MIYANO has received written notice from Purchaser of an alleged defect and has determined upon reasonable inspection that a defect exists.

The foregoing twelve (12) month warranty shall not be extended or changed by MIYANO's furnishing any replacements, additions, attachments, accessories or repairs to the machinery subsequent to the date of delivery. No person or dealer is authorized to amend or expand this warranty or grant any other warranty on behalf of MIYANO. This limitation of remedy has been negotiated by MIYANO and purchaser, is deemed to be adequate by both parties, and is intended by the parties to survive even if the remedy is claimed to have failed of its essential purpose.

MIYANO'S WARRANTY HEREIN IS IN LIEU OF AND EXCLUDES ALL OTHER REPRESENTATIONS, PROMISES, AFFIRMATIONS OF FACT AND WARRANTIES, WHETHER EXPRESS, IMPLIED, OR STATUTORY, OR OTHERWISE CREATED UNDER APPLICABLE LAW, INCLUDING, BUT NOT LIMITED TO, THE WARRANTY OF MERCHANTABILITY AND THE WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL MIYANO OR MIYANO MACHINERY CO., LTD., OR ANY OF THEIR SUBSIDIARIES BE LIABLE FOR SPECIAL, COMPENSATORY, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER ARISING IN CONTRACT OR IN TORT OR BY STATUTE, INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS OR ANY OTHER ECONOMIC LOSS, WHETHER OR NOT CAUSED BY OR RESULTING FROM THE NEGLIGENCE OF MIYANO. THIS WARRANTY SHALL NOT APPLY TO THE PORTIONS OF THE MACHINERY NOT MANUFACTURED BY MIYANO MACHINERY CO., LTD. MIYANO SHALL ASSIGN TO PURCHASER SUCH WARRANTIES AS MIYANO SHALL RECEIVE FROM THE MANUFACTURER OF SUCH PORTIONS OF THE MACHINERY WHICH ARE MANUFACTURED BY MANUFACTURERS OTHER THAN MIYANO MACHINERY CO., LTD., OF JAPAN. SUCH PORTIONS OF THE EQUIPMENT SHALL BE COVERED BY A SEPARATE WARRANTY BY SUCH MANUFACTURERS. IN ADDITION, THIS WARRANTY SHALL NOT APPLY TO ANY MACHINERY OR PORTIONS THEREOF

MMU0022108

WHICH HAVE BEEN SUBJECTED TO ABUSE, MISUSE, IMPROPER INSTALLATION, MAINTENANCE OR OPERATION, ELECTRICAL FAILURE OR ABNORMAL CONDITIONS, INCLUDING, BUT NOT LIMITED TO ABNORMAL MOISTURE, TEMPERATURE, DIRT, OR CORROSIVE MATTER, AND TO MACHINERY WHICH HAS BEEN TAMPERED WITH, ALTERED, MODIFIED, REPAIRED OR REWORKED BY ANYONE NOT APPROVED BY MIYANO. MIYANO'S SOLE EXCLUSIVE LIABILITY UNDER THIS WARRANTY SHALL BE TO REPLACE OR REPAIR AT ITS SOLE DISCRETION ANY DEFECTIVE MACHINERY OR PART THEREOF. BY ACCEPTANCE OF THIS LIMITED WARRANTY BUYER WAIVES ALL PREVIOUS CLAIMS IN TORT OR CLAIMS FOR BREACH OF ANY PREVIOUS WARRANTY ARISING FROM ANY PRIOR FAILURE OF THE MIYANO MACHINE REPAIRED OR INSPECTED.

SHOP solutions

"My dad's been in the oilfield machining and tool-rental businesses for 28 years. He tells me he can't remember a time when there's been this much activity," Kyle Stutes says.

"Oil is getting much harder to find," Brad Stutes points out, "so the technology has stepped up to allow much deeper wells. That means a lot more tools are put into each drill hole, and that helps our industry. As

the holes get deeper, the inspections get tougher. There's more manufacturing and a lot more repairs to do. It's a crunch at times to keep up with what's coming in."

As problems go, too much work is a nice one to have. With business booming, father and son are tackling their situation head-on. They've invested in a pair of large-bore Haas TL-4 CNC Toolroom Lathes. Fea-

Using large-bore TL-4 CNC Toolroom Lathes with 10.81" (275-mm) diam through-bore and Intuitive Programming enables Gulf Coast Machine's inexperienced machinists to outperform traditional manual machining in quality and volume.

turing a 10.81" (274.5-mm) diam through-bore, front and rear chuck capability, and a 35 x 80" (889 x 2032-mm) maximum cutting capacity, the machines are especially suited for oilfield operations. Gulf Coast purchased two of the first TL-4s to come off the Haas production line in California.

"These machines have changed everything," says Kyle Stutes.

"Manual threading on a hollow-spindle machine is tough work."

Oilfield shops have been adopting NC equipment since the late 1970s. Gulf Coast installed its first CNC machine, a Haas SL-30 lathe, back in 2001, but the large-bore
